“ Our last conversation centered on River. He turned down an Easter Sunday dinner invitation so that he could spend on one one time with him. We laughed about how much joy River is to be around.

“ I will miss Dylan and Brooke along with River on game night I have so many special memories of those nights. I appreciate that you were always so respectful of me always saying "YES MAM" and "NO MAM" you were taught good manners. My prayers go out to your family, Brooke, and your son. May God watch over you and keep you at peace.

“ I did not know Dylan, but I work with his mother, Angela Bell, and my heart breaks for this family. Angela has never been anything but kind and is one of the hardest working people I know. Angela, your PDQ family is thinking of you and praying for you and all of your family through this difficult time of grieving. We are here for you if there is anything you need.

“ I am so sad that Dylan has passed. Dylan was my great nephew and when I would visit my brother in Tatum, I would sit and watch him play video games and we would talk for hours. The last time I saw him he gave me a really cool necklace and I think of him every time I wear it. Dylan was a sweet young man with a very sensitive nature. I hope he is at peace now.
