“ I remember Mr. Burnett when I was in high school at Flour Bluff back in the early 80's. He was a no-nonsense guy, which, looking back, the school needed that at the time. He gave me, and my friends some, how should I say, well deserved spankings. I'll never forget that. He was a good man, and I'm sorry to hear of his passing....Ace Tyler

“ I was shocked to hear of Quentin's passing and sorry I was out of state at the time. My sympathy to Amy, Eric and Audrey, Chandler & Janet, grandchildren, nieces and nephews.
The last I heard from cousin Quentin was about a year ago---he told me about the move to East Texas and the pine trees he and Amy planted. He invited me and my husband to visit sometime, but we never got around to it.

I will always remember his mother's nickname for him & I will not mention it here!
Godspeed Quentin, heaven has a new angel!

“ I so enjoyed working under Quentin's direction. He had a wonderful sense of humor and he always kept a positive outlook. He was always gracious and complemented one for a job well done. I respected his educational projections and planning for our district's growth. He will be missed by myself and many others.

“ Quentin was good people. We used to joke that he was almost my high school basketball coach. He represented the best of school leadership and will be missed.

“ I extend my heartfelt condolences to the family. I have known Quentin as a friend and colleague for more than 25 years and worked closely with him through the Texas Association of School Administrators. He was a dedicated and highly respected leader in public education. I had the special honor of working with him during his service as a leader in our professional association, first as a member of the executive committee and ultimately as TASA President in 1998-99. He has left a great legacy for school leaders throughout the state and will be missed.

“ Dr. Burnett brought an unrelenting positive energy to the Rusk/Smith County Forest Landowner Association (RSCFLA) that cannot be duplicated. He "raised the bar" for leadership in our organization to a new height. His quick wit and disarming authenticity put association members at ease and provided a reassuring sense of focus and direction to the Executive Board.

We thank GOD and the Burnett family for sharing him with RSCFLA.

“ I had the great privilege to work with Dr. Burnett as his Adm Assistant at Lewisville ISD. He always treated his staff with the utmost respect and kindness. His love for his family was always evident when he shared family stories, with such great fondness. It saddens me this giant of a person was taken away from us so soon. I am sure Heaven is enjoying his stories about Texas. I have never known anyone that knew Texas history like Dr. Burnett. My sincere condolences to the family.

“ Quentin and I became friends and professional colleagues about 30 years ago through the University of Texas at Austin where we studied for the doctoral degree. We maintained contact as often as possible.

I last saw Quentin in Austin at a professional conference -- still the same up-beat, quick with a laugh, good guy. Many Texas school children benefited from Quentin's leadership in public schools for four decades.

Quentin was happy in his life, living large and serving the land and the Lord. He was so very proud of his family and was in a good place.

Along with many others, I will miss knowing that Quentin has passed from this earth. God Bless, My Friend. RIP.
