“ As a child, i thought becky was the most beautiful person i had ever seen. She was so good to me; in all stages of my life. She always told me she loved me; which i never heard much of and i loved her laugh and her sense of humor. She loved her children above everything and would fight anyone that hurt them. I truly loved her and am sorry circumstances made it to where i did not get to tell her goodbye and thank her for all she meant to me over the years. She is truly and angel now.

“ Becky was such an inspiration to me. I can't believe that she is gone, but I do know where she went. She was such a wonderful, God fearing woman. So caring and loving and so very funny. She always made me laugh. She loved to listen and sing to "Tell It Like It Is" by Aaron Neville when it came on my Ipod at work and everytime it comes on now, I think of her. I love you and miss you Becky. And to all of Becky's family, you are in my prayers.

“ *Becky, You will be missed but I know the Angels are glad to have you. I will never forget how you made me laugh or the bagels you always brought to the office. You always thought of others even when your day wasn't going as planned. You never complained. I Love you Becky*

“ *My Becky, I find it hard to believe that I can't pick up the phone to call you. If it weren't for you, I wouldn't have given my husband a chance. I can't count how many times you told me what a good man God blessed me with. I know that it isn't over as you told me on the phone when you first got to Austin and I know that is soooo true because I WILL see you again. You said to be jealous if you were to go because you'd be dancing with Grandma, your Daddy and mine, and the other friends and family that went before you to their heavenly rest. You got your wish to be put to rest between Grandma and your Daddy. I know you loved that! I can sit here and imagine you wanting to tell me the story of your conversion into heaven and being in the presence of our Lord Jesus Christ, the new body you got and all the other details you'd share. I will miss hearing your stories of how God was moving in your life and the lives of your family. So, Dear, Sweet Becky, farwell just for a little while. Love, Pogo (and Dan)*

“ *Mama Collumns you were such a loving and caring woman with a warmness about you that made everyone feel at ease. We will miss your infectious laugh, your delicious southern cooking, and your savy decorating style. But mostly we will miss the inspiration that you gave us, and the ability to ease our minds in times of trouble. You were a remarkable woman who always put your family first in everything you did. I know that you are busy redecorating heaven right now making it warm and welcoming (and chic with a southern charm!) for others. We love you and will miss you more than you know. “ *Our heart and prayers go out to your family. Becky was so full of life and spirit and had the best sense of humor and could always make you laugh. She will be missed by so many and left us all too soon. If love could have saved her she would never have left us. We will miss her always and forever. Love - Your Cousins - Sandy & Jim*
