“ I worked with Bob at Metro for a few years providing his team with parts and materials. I was always giving him and others on his team hell just for kicks. I was in his office one day running my mouth when he said... "Boy, when you die, someone is going to have to beat your mouth to death with a stick!!" I have never forgotten that line, and yes, I'm still very chatty. I cared for Bob and his folks deeply and it saddens my heart to hear of his passing. His memories will be with me forever.

“ I'm so sorry and sad to hear of Bob's passing. I worked for him many years at Metro. He was the best and most memorable boss I've ever had. My family also had a lease at Cycle land, one of Bob's favorite spots. Such wonderful memories, he will be missed by many. My deepest condolences to Kathy and family.

“ I remember the day I met Bob. I worked for a security company at Halliburton in Kilgore and he worked for Tuttle and Tuttle in Kilgore hauling cement to drilling sites. He came in one night and then he came out in his personal vehicle. He said "he was going to the store and wanted to know if he could get me some coffee, tea, or him." " I said to him well, I just poured myself some coffee, tea I cannot drink, and you well I don't think so." He left the yard. About two weeks later, he came back and asked the same thing again and I told him I just poured my coffee and tea I don't drink, and you well maybe. We went to breakfast one morning and spent three hours having breakfast and pleasant conversation. It was about two weeks later that we went dinner and we had a very pleasant evening talking. The pictures I have with my post shows the beginning when we married and the second was our 15th wedding anniversary. From the beginning to the end we were very happy together. I will always love him and will miss him terribly.
