“ There are no words to express the gratitude the Depot Museum and myself have for the many years of volunteering his time to educate children on the art of broom making. David and Robert Minton were a perfect team.

I enjoyed our visits. I always left smiling. He will be greatly missed. I pray that comfort and peace come to the family.

“ God bless & keep you, Ms. Carol, Karen & family... Paula & I love ya'll, Mr. David was a special individual, no doubt about that. We were ALL blessed to have known or to have been related to him... It hurts losing people you've known your whole life; parent's or friends you grew up with... also a man who was your friend; who made you feel like you were special to him when he saw you and spoke to you... And that was because he meant it.

*Praying for Ya'll,
love you*

“ *David was a fellow field rep. I was lucky enough to have got to work with him for many years before he retired. He was always smiling and always there to bring a smile to your face when things were not going well at work. He has been missed since he retired and was one of the good men who made the Texas state soil and water conservation board such a special place to work and be a part of. Prayers to the family and thanks for sharing him with us while he was here!*

“ *As soon as David walked into the barbershop he had all laughing. David never seem to have met a stranger and his conversations were educational as well as funny. I noticed many times how instantly David made strangers comfortable.. that's a God given gift. I will miss David to a painful degree. I'll miss our conversations and most of all his keen sense of humor. I'll miss my friend. God Bless the family.*

“ David was one of the smartest guys in our class. He also had a great sense of humor. I haven't seen David in quite a while. I do remember him at some of my fish fries. While I was frying fish I always remember him and a classmate laughing at something David had said. It's a sad day for all of us who remember him.

“ David was someone so special and we all loved him dearly. He was always so good to just be around. His family too. A favorite memory of mine was his false tooth. He use to pop that tooth out at the kids and just die out laughing at their expressions. I use to like to hug him and pat his tummy. He reminded so much of my Daddy. Always smiling and always laughing. My first thoughts today were that his grieving for Jason is done and the time for their reunion has come. He will be greatly missed.
