“ I received a card from Leo and Eursula Wertz and wanted to share their thoughts about Mom....she said....

"we have great memories of the times spent with your parents. Your mom and I worked together at Waukeesha Memorial Hospital. One Thanksgiving we were snowed in with only a ring of bologna in the house. Your mother invited us for thanksgiving dinner...she was a good cook...wife and mother...as well as a dear friend. You and your family are in our thoughts, heart , and prayers...."

“ I remember Mama Rooney! I remember sitting at the kitchen table in your house on 7th Street, and Terry and I would be sneaking cigarettes after school. Your mom would come home from work, We figured if she didn't see us smoking, she didn't know we did it! And she never said a word, just let us believe we were getting away with it. She was my "second mom". and the rest of you were my family. So, I feel as if I have lost a member of my family too. Love to all of you, and I'll keep you in my prayers.

“ My Mom was a beautiful person always helping and giving to friends and family. She was always there for us when we needed her. I remember her as part of my college days at Oshkosh, our son Ryan's birth and graduation from high school and college and his marriage to his beautiful wife Deborah. She was so excited about the birth of her 4 great-grand children, Tyson, Isabelle, Triston and Damon. She spent some fun days at our lake home in Coloma and Wautoma, WI. We could go on and on about wonderful memories. We have a zillion pictures about those memories to share. My sister, Katie and her family, Sarah, Rusty and Don will always be in my prayers for taking care of Mom these past ten years plus. And I am so VERY thankful that my Big brother Mike and my sister Kate and family were with Mom when she took her last breath and passed into the arms of OUR LORD AND SAVIOR. I'm going to miss you Mom but I look forward to being together again in Heaven someday. Hugs and love, Terry and Al

“Katie and family, so sorry for your lost, Doris was one of the best nurses that I have ever worked with, and she was also such a joyful and happy person. I think of all the experiences she must have had nursing during the war years. God has a new Angle!
