“ *Our family, including myself, were so lucky to get to know Mrs. Toon because her son became a part of our family when he married my sister. Throughout the years, she was a co-head of one terrific family. Her love for her family was always the most important part of her world and it showed in so many ways. She will be so missed by so many people, but she has so many people that called themselves blessed because she was a part of their lives.*
