“ *Dad, it been a year ago we lost you! You have not been forgotten i miss you and think of you everyday. I see those last days with you in my head a lot. I hate hearing the name of the hospital. I know it's what you wanted but I think they killed you! You were their lab rat. I see your blue eyes I feel the last squeeze of my hand. I thought you would pull through. You were always there for us and I know you are still are, but I wish I could just see you and hug you and tell you how much I love you! I know your in a better place with no pain but I guess I'm just selfish and I want you here. I miss you soooooo much! Love you more than I've ever loved anyone.* ”
