“ As our 50th reunion is coming up, we find we have lost classmates we have lost contact with over the years. I am most sorry to hear of Ed's passing. He was always one of the sweetest guys in school, and I'm sure he carried that with him throughout his life. From Highland's Class of 1968, I send my deepest sympathy. Lynne Mann

“ Ed was a great coworker, a kind and caring gentleman. He was always willing to take on jobs that no one else wanted. If a circuit was in trouble, he was always there to help find and fix the problem. We both worked in Houston and were glad to be in East Texas. Ed also cared for everyone's children and supported them any way he could. Thanks Mr. Ed! I certainly miss you my friend. I take solace in knowing the Lord has a new companion and we will meet again one day.

“ I thoroughly enjoyed working with Ed through his years in construction at AT&T. I knew I could always walk down the hall from engineering and ask him for help with or an update on something and he'd take care of it. The Telephone Company still needs more folks like Ed. He helped make it a good place to work. It's been a lot quieter down at the other end of the hall since he retired and I know he is missed by many. Our thoughts and prayers are with the family.

“ Although I never had the opportunity to meet Ed, working at ATT with him, I would speak with him on the phone several times a week for years. He was always a joy to talk to. Always upbeat no matter what. Never a disparaging word. My condolences to his family. I know he is looking for that next fishing hole. RIP my friend.
