“ I am in shock to hear of Eddy passing. When I first met Eddy he took over some routes that I had compressors on. Eddy spoke to me like we were old friends just playing catch up. I never knew what type of friendship would become of us just meeting. I would sit back on locations to and swap stories with him. Sitting on the tailgate of his truck talking about nothing but everything at the same time. The friendship that came out of checking stations and helping me out, I am forever blessed to have known such a great guy. Not only did he give some great advice, Eddy knew how to listen as well. You will be missed my friend. I look forward to seeing you on the other side.

“ Eddy was a great friend of mine. I played a part of transferring him from the New Mexico area to Kilgore, Texas to work with me and others. I could tell so many funny stories about Eddy, but there is not enough space here to tell it all. All I can say is, he kept us laughing at all times! Yes, he invested a lot of his time helping kids with their pig projects. He even brought his tractor to my house one year long time ago just to help me plant my new yard. He was ready to help anyone that needed it at anytime. Even though we have not worked together in such a long time, he stayed in touch with me by dropping by my office for a visit or a phone call. We stayed in touch. He was a very close friend. He will be missed by a lot of lives that he touched over the years. Ginger, you and your family are in my thoughts & prayers. Eddy, you left us way too soon! Farewell my friend! John 14:1-4

“ Our families go way back when Eddie was just a young boy. Many nights I would be in charge of watching the yung’ens while our folks played dominoes with home made hand churned ice cream. Eddie was bouncing off walls and kept me laughing. One night after his bath he backed up to the wall heater but as he dropped his towel he quickly bent over to grab it but touched his torso to the heater cover, hence branding a “T” on his behind. I moved to Laneville in 2001 and my girls joined 4-H and when introductions were made I recognized the kid from my hometown and and stood in line to greet him. When he ask If I had any questions after the meeting, I said, “I was just wondering if you had a “T “ still branded to your behind” , he said, “ You must be Leah Pritchett, because you are the only one who would know that”. I loved Eddie like a brother, and one of the finest men I know! He will truly be missed!

“ I'm not sure there is a road in West Texas, Eastern New Mexico or Oklahoma that Eddy and I didn't travel together looking for pigs. Some of the best memories of my career where working along side him helping kids with their projects. He was not just one of my volunteers, he was my friend.
