“ *Me and him used to always watch Mickey Mouse clubhouse on the couch together. And we would go feed the fish as well. Those are just a couple of great memories I have with him.*

“ Joy, this is Steve Hargis, I am so sorry and sad to hear of Greg's passing! He and I were big buddies and had a good time at work !! He and I worked together at Sun Oil Company offshore for years and through all the other companies we changed to along the way! He and I first worked together on High Island (HI-370) and then on to the Big floater Spars years later with Oryx/Anadarko! I know you will miss him, he spoke of you and the children often to me and I shared with him raising my daughters! I know Greg is with the lord now and how you will miss him, but I just wanted you to know he was loved by others also !!

“ I don't know if I can properly put into words what Greg meant to me. He was a mentor. A supervisor. An encourager. He was another dad I didn't know I wanted or needed. As gruff as he could be, you could feel the undertoned love in his speech. He was likely the most formative supervisor I've ever had. The world is a worse place for him being gone and I pray for his family and friends in this time. What a gem for us to lose.
