“ So sorry to hear. I didn't know Helen, but she was so faithful to stay in touch with my mom, Roberta Higginbotham. I really appreciated that fact. My mom loved communicating with all of her family any way she could. I pray that God will comfort each family member, as only He can. Love, Merita

“ You will never be forgotten for having the biggest heart and showing the world unselfish acts of love. I am so glad we got to visit in April. You gave me so many hours of your knowledge in 'real history' which is something that can't be taught in a classroom. I hope to pass on to the next generation(s) a compiling of information filled with photos and details that you so graciously shared with me. You are now with the other angels I adore and love so much. Thank you for being the best aunt. I will greatly miss our visits and your letters. I love you Aunt Helen!
