“ *My Beautiful Beautiful Moma Jutta, oh how you will be missed.... I will cherish every memory. Everywhere I look I see you here at my home for sure my store Brenda's Closet. You we're the back bone behind that yes ma'am you pushed me . I will never forget that day I came to see you after church and this particular day I said Mama I don't know what I'm going to do the oilfield is going down, you looked at me and you said you need to open a boutique I said Mom I'm Oilfield I literally thought you was out of your mind today it is very successful I have always put her in my story when it came to opening my store they even did a write up in the newspaper and it was all about Moma Jutta. Oh and the Oilfield how she loved to ride with me we had so much fun I think in a way she was always looking for Tommy. Let me tell you this elegant lady would walk right into the company man's office with her head held up and proud and always told them her son worked in the Oilfield too . And when I tell you they would treat her like the queen she was they did. They often ask me about her some would even have me call her so they could say hi . One even thought me how to say I love you in German. So ich liebe dich my sweet Mama Jutta , as you lay there and took your last breath you took a little piece of me with you thank you for being that mother that I needed I love you with all my heart now rest with the angels and give Tom my love too*
