“ I can't believe it - I was on the O'Connell Junior High School track team with Jack who was a year ahead of me for the 1971 - 1972 school year - I can still see his hands knifing through the air as he ran with a purpose - we ran on the seawall until we all looked like string beans and the school bus would take us back to the school I remember him as a quiet nice guy

“ *Jack had no enemies. Everyone that knew him, loved him. We spent hours solving the worlds problems over a cup of coffee. The world just wouldn't listen. Imagine that!!!

“ *Jack was such a good and kind person. He will be missed by all. The last time I saw Jack he was reading meters and I stopped to see how he was
A goat had jumped in the truck with him and he looked at me and said "I have a goat, I've always wanted a goat"
. It was so funny and he never got his feathers ruffled over the goat in the truck. I will miss Jack's since of humor!
