

## Dr. James H. Mann

June 12, 1925 - August 6, 2020

James Harold Mann was born on June 12, 1925, in Hemphill, Sabine County, Texas, the eldest son of Joseph Bailey Mann and Easter Matthews Mann. In elementary school in Beaumont, he won the City Marble Championship sponsored by the Beaumont Enterprise newspaper, and was quite proud of the medal he received. He attended high school in Colmesneil, Texas, where he was an Eagle Scout, and lettered in basketball, tennis, and baseball. In his late teens, he and some friends traveled to Beaumont to the home of the “Beaumont Exporters,” a Yankees farm team, to try out for the Yankees. Afterward, the scout told him that he was a “pretty good ball player,” but would “probably better stay in school.” He was third highest in his 1942 graduating class, and attended Texas A&M for one year before joining the U.S. Navy in 1943 and serving as a Navy Hospital Corpsman until 1946. Upon his discharge after World War II, he continued his education at Sam Houston State University, receiving both B.S. and B.A. degrees in 1949. He was a member of the tennis team and excelled academically, and there met the love of his life, Kathryn Tice Blankenship, who was an art professor at Sam Houston at that time. He was accepted at Baylor Medical School in Houston, remaining in the top 1/3 of his class even though “courting.” Jim and Kathryn were married at Little Chapel of the Woods on the TSCW (now TWU) campus on August 10, 1952, and lived in Houston during the final year of medical school, then moved to Fort Worth for his Internship and Residency at City County Hospital (John Peter Smith Hospital) 1953-1955.

In autumn of 1955, the Manns moved to Henderson, where Dr. Mann practiced medicine until his retirement in 1989. He served at Henderson Memorial Hospital until 1988, with three stints as Chief of Staff, as well as 33 years on the Hospital Board, membership on several committees, and chairing the Hospital Foundation for three years. He never considered his patients to be just diseases or conditions, but saw them as human beings and friends, and treated them accordingly.

Dr. Mann became a member of First United Methodist Church soon after moving to Henderson in 1955. At various times, he served as Chairman of the Board, as a Trustee, on various committees, and was a delegate to Texas Conference four times. He remained a faithful servant as long as he was able, and a loyal supporter until his death.

He loved athletics, especially the Henderson Lions, and could always be found on the sidelines, cheering them on. He served as team doctor for the Carlisle Indians during his early years in Henderson, then served in as team doctor for 15 years for the Lions. He was also active in the HISD Foundation for several years, and was keenly interested in any activity involving his children and grandchildren.

After retirement, he and Kathryn traveled extensively and collected many unique and interesting mementos. He was a tireless and dedicated visitor to hospital and nursing home patients and continued to be “on call” for questions and help at any time. He always loved and appreciated his Lord, his family, and his friends, and said, “I have been lucky all my life.” “ Be ashamed to die before you have achieved one victory for humanity” was a motto he loved and lived by in his life.

Besides his parents, he was preceded in death by his sister-in-law, Carolyn Lee.

Survivors include his wife of almost 68 years, Kathryn Tice Mann; two sons, James Mark Mann and wife, Debbie, of Henderson, and Kurt Tice Mann and fiancé Michelle Romero of Dallas; five grandchildren: Rex (wife Kylee), Russell (wife Kayla), Meredith and fiancé Shawn Reddy, and William Mann,

and Kathryn Marie Mann; five great-grandchildren: Malley, Macy, Mark, Presley and Berkley Mann; two brothers, Bobby Mann of Lufkin and Herbert Mann and wife Barbara of Lake Charles, Louisiana; two brothers-in-law: Jimmy Tom Blankenship (wife Susie) of Dallas, and Charles Lee of Silsbee; nephews Bert Mann Jr. of Charleston South Carolina and Tom Blankenship of Dallas; nieces: Melinda Smith and husband Donald of Beaumont , and Olivia Wilkins and husband Andy of Plano, Carol Lynn Strouf and husband Dan of Beaumont, Carolyn Tice Coleman husband Jeff of Dallas, and Jane Kreke and husband Henning of Hagen, Germany; numerous great-nieces and great-nephews, cousins, and many, many friends.

Also special recognition to the sitters that helped Dr. Mann and continue to help Kathryn Mann in their older years - Archie Whitaker and Irma Reedy both of Henderson. Memorials may be made to the First United Church of Henderson, 204 North Marshall, Henderson, Tx 75652, or the Henderson ISD Education Foundation, P.O. Box 728, Henderson, Tx 75653, or to a charity of your choice.

“ On behalf of the Mann Family I would like to say your memories, condolences and notes on this site and others has been truly appreciated. For each one of your thoughts and prayers-it really helped us get through the loss. I am always thankful and amazed at the kindness of all of you-I know it happens in other places- but - Henderson and the surrounding areas are especially kind and caring. I am thankful our family decided to come here in the early 50's when a young doctor and his wife thought Dr. Ship's offer to come and practice here in East Texas is a legacy that continues to bless our family today. Each of you have a special place in our heart.

“ I so enjoyed working with Dr. Mann in his continued education hours for several years at Henderson Memorial Hospital back in the late 90's. He always loved learning more and was very encouraging to those that loved to learn. He also was on of my first male customers when I started my own business with Mary Kay as a consultant. He loved the suncreen as he spent lots of time outside being very active as usual. He encouraged me so much and He will be missed!

“ Dr. James H. Mann delivered me on 01/23/1974. He was the first to see me come to life and take my first breath. Little did I know that he would be a mentor, doctor, friend, and adopted family member. Dr. Mann found my childhood sickness by just examining me and he diagnosed it immediately without any tests. Dr. Mann and my dad were great friends. They met when he came to Henderson and my dad was a Henderson Police Officer and Dr. Mann had a flat tire and dad helped him change it. Dr. Mann worked along with my dad for years helping countless veterans to receive their benefits and disability. Dr. Mann kept up with me throughout my life. He was a huge Henderson Athletic Supporter. He would cheer them on and fix them up when they were injured. He loved his family and this community. Dr. Mann came to my wedding and I was talking to him before the wedding and told him I was nervous and he told me to dig deep inside and get married and I said yes sir. For years I called him up for advice and medical advice. He loved to talk and help out. Thank you Dr. Mann for being such an influence in my life and for your friendship. I'm so proud of you and your life. Enjoy Heaven Dr. Mann and I will surely see you later. Love you buddy.

“ I was one of his first patients in Henderson as a very young boy. I was very sick with a virus. My father worked for the gas company and had just turned on the gas for a new young doctor in town. It was Doctor Mann. He came out to the house and I was soon in the hospital. He made every right move and by all accounts saved my life. He delivered my sister in 1964. He was our family doctor until he retired. We played golf together many times at the Overton golf course. I will miss him.

Doctor for our Family. I worked with him at  
Henderson Memorial Hospital, worked with  
him at the Rusk County Jail/Sheriffs office. He  
was a great friend and a "power to behold".  
Doctors at MD Anderson in Houston, told me that he was one of the  
smartest and wisest Doctors they had ever trained with. Henderson  
was lucky to have him. He really never retired, he loved talking  
"Medical". I will miss him very much. His Friendship was priceless.

“ There was nobody better! Such an outstanding man, gentleman, and Doctor, who was ready to help at all times. We shared many memories on the sidelines of HHS Lion Football. He was my "feather of confidence" that I could always depend on when someone was hurt on the field! He was always by my side, giving me the support I needed in helping a player get back on his feet. I will always remember Dr. Mann. His sense of humor was terrific, telling me, he could deliver our first child on the side lines, if necessary, as my wife was due at any moment, but had to watch the game on Friday night, but he wasn't kidding, because he could! I love that man - he was the best and he will always be in my memory. RIP, Dr. Mann, you made Henderson and the world a better place than it was before you arrived.
