“ I have been trying to get ahold of James since last summer! I was worried this happened... I even called the local police and had them go check on him because he hadn't called me in a couple weeks and they told me that he fell and was put in a nursing home. But couldn't tell me where or any other info. I have tried to contact some family on facebook but have got no replies. I am so sad because i never got to meet James in Person. We became friends because i sold him some police scanners off ebay. And every since we have talked alot and even sent him cards... He was a great man.. I really cared alot about this guy. Even tho we never got to meet in person i feel like we were related. He meant alot to me. If any of the family could contact me i would appreciate it. My phone number is. 765-860-0379 thanks... I will miss you James... :(guess we will meet in Heaven

“ To The Family: I was your Dad and Mom's paperlady for 10 yrs most everyday while throwing my route I was so blessed to see them on their afternoon walks while they lived in the Compton community. They made my day complete. I know their missed here on earth. But what a wonder vision I have of them walking hand in hand taking their afternoon walks together again. Love you, Donna
