“ Oh Jeffrey, as my daughter Sidney liked to call you! Saying goodbye to you feels unreal, and my heart is heavy with sadness because you will be greatly missed in our lives. You were apart of Wesley and I from the very beginning, almost 30 years ago! Your name is on our marriage certificate as our witness! You were there for us when we had our children and we were there when you had yours. I especially remember Mary, but I wont tell that story on here! You loved your cowboy hat, Garth Brooks, fishing, Golfing with Wesley and Brian, and your family! Your laughter, your kindness, and the way you cared will always stay with me. Wesley and I moved to Henderson because of you. I'm so grateful I got to call you my friend. Even though you're gone, the impact you had on me and on everyone who knew you will never fade. I'll miss you more than words can say, and I'll keep honoring you by remembering the good times, the love you gave, and the light you shared with the world. You were more than just a friend; you were someone who made life brighter simply by being in it. Your memory lives on in the stories we share, the family, friends and the love you left behind. As I look out my window at Lake Striker, I see people at your fishing hole every day now! It must really be a good spot! On our last message you told me to make them leave! Now when I see them, I smile and think of you! Rest in Peace my friend, until we meet again!

“ I was thinking how nice it was to see you the week prior to all this! We was talking about a bay house trip for you and Wesley after I finish building it in a few months! We was already thinking of the fun we could have! All i can say is we had more fun at the lake in one summer than most people will have if they lived to be 200 years old! If you could have bottled it up and sold it it would have been worth millions! Well actually if we could have bottled it up we probably wouldn't have sold it, we probably would have drank it! You had that old picture of us at my 1st birthday party and bragged how pretty we was and you was right we was! I'm sad so long!

“ I have known Jeff for many years, Him and Terri are some of the best neighbors anyone could ask for. After many years neighbors become like family. His smile and conversations while riding down the road on his side by side will be sorely missed.

“ I first met Jeff a "few" decades ago, he was the administrator of a long term care facility in East Texas. After many meetings, I gained Jeff as a customer and a friend. As time went by he and Terri were always in my court, allowing any facility they had ownership or interest in to come on board of the company I represented. I hold their friendship close to my heart and he will be missed greatly. Love and prayers to you, Terri and all the family.
