“ Went to see Debra in the hospital in Tyler. We were visiting and Jerry came in. Both were showing me pictures on their phones of the kids and their "babies". They were so proud of their family. Debra was so sick but Jerry was so supportive with her. He told me that they just wanted Debra strong enough so she could go home for a while. She did go home but not for long. I would talk to Shanna from time to time and ask how everything was going and she said they were just trying to get back to normal. I am so sorry you kids will have to create another new normal. But, try to remember that your parents are back together and watching over all of you now. Stay in close touch with your grandparents because they will need you all. Trust in God for comfort and strength and guidance. Love, Sheila and Dave Funderburk
