“ Jerry was my manager in Cenikor, and was the hardest person on me I can remember. He changed my life. I remember the day that I broke, and the time he spent remodeling me into someone I am very proud of today. There are so few people with the courage to really push others into being something better, I now own a multi-million dollar company, have a wonderful wife, 2 beautiful kids, and I am truly happy. Huge step from the days I stepped into Cenikor in 1996. I graduated in 98, and thank him so much for pushing me.

“ *I was asked by my mentor this year to define the kind of leader that I wanted to be. Almost immediately Jerry popped into my mind. He was approachable but his presence and knowledge demanded respect. These past few months I was fortunate to learn more from Jerry since he settled in Fort Worth. His passing still does not feel real but the outpouring of true love and appreciation that people have expressed since his passing 100% is. For what it's worth Jerry, thank you for everything, and you truly have been a legend.*

“ *I have so many wonderful memories of Jerry. Long after I left Cenikor a friendship ensued with weekly calls and texts sending political jabs at one another. I will miss him so much! He was a one of a kind man and truly impacted more than he ever knew.*

My deepest condolences to Jerry's family, who I know he loved dearly. I hope your memories give you peace and comfort.
