Jesse Lee Mueller was the absolute most incredible man that I have ever met in my life. Jesse was an extremely hard working young man that loved his family more than anything else in this world. He was an extremely loving husband and one of the world's most dedicated Father and he loved his boy's every single one of them and he literally lived his life to provide his children with the best that he possibly could. I personally watched him sacrifice everything he had I even watched him and Crystal go without themselves just to ensure that their boy's had food clothes and shelter because they both are the most dedicated parents that I have ever met in my life. One thing that amazed me about Jesse and Crystal was how they did everything with a smile on their face no matter what the circumstances were at the time even though at times they literally had nothing they both would bond together and do whatever they had to do at whatever cost they just did it and they did it happily no matter what. They would do anything possible to not allow their financial troubles and struggles interfere or affect their children in anyway. I never seen them fight or argue in front of their kids and I literally seen Jesse work his tail end off everyday from dawn to dusk and still walk thru the door with enough energy to play with his boys and spend quality time with his wife and keeping his family together was the only thing that really mattered to them. I seen him show up for court to fight for his rights as a father for his other children even though the odds were stacked against him and it was more than obvious that he would not even be heard or understood that still did not stop him from trying to do his best and be the most supportive father that he possibly could. You can see in his eyes everytime that he looked at his children that all he ever wanted was for them to know that he tried as hard as he possibly could to be the best father he possibly could. Jesse was determined and no matter how hard he had to work or at what personal sacrifice he had to suffer he did it with a smile and so much love and I never heard him complain in anyway ever. He was the spitting image of what is called Father of the year should be and every father tried as hard as Jesse did then this world would be be such a better place now. You can definitely tell that he was raised in a home by two wonderful parents that taught him all about family and responsibility and hard work and he was raised with morals and values and he definitely strived to do right by his parents and his family. He definitely was a man to be admired and I am sure that he tried to carry on his own up bringing in his own children in every picture you can see the love between them and what true happiness is supposed to be. I am very proud to have met him and even prouder to be a small part of this amazing man's life he was very honest and his parents should definitely be proud of this outstanding young man because I know that he did his best to honor both of his parents and it showed in everything that he did everyday and what a wonderful young and hard working man you raised as parents I know that you were very proud of who he became and making you both proud was always his

top priority was to honor you and the values that you both instilled in him. I will never forget him and this world definitely is a much sadder place without him. I love and admire everything you stood for and Crystal I am so very sorry for your loss please call me or get me on Facebook I'm here for you honey.

“ Someone asked me if I had a favorite memory of you. I said, all of them! I could never just pick one. But, what I will miss the most is our daily phone calls. You were always proud to say you were a Momma’s boy. I miss you so much.

“ *In Loving Memory of Jesse and Jacob Mueller*

*No matter what your trials are, or how big your mountain seems;
The Lord is there to see you through; He'll go to all extremes.
So if your cross seems too hard to bear, and you know not what to
do;*

*The one who loves you most of all will be there to see you through.
We, the family at Poly-America, L.P., want the family of Joseph
Mueller to know that our hearts are with
you as you gather to say your good-bye's to loved and cherished
family members.*

*Whereas, the passing of your beloved family members is the will of
God and there is a human tie that
has been broken which bleeds the heart in agony and pain. We are
encouraged and consoled in the
words of Jesus who said, "I will never leave thee nor forsake them"*

*To the family of Joseph Mueller, we know your loss is deep and your
sorrow is great, but we want you to
know that we share in your sorrow, but more importantly, we
recognize that this loss is Heaven's Gain.*

*When it is all over, we would like you to remember:
In case there's a time when you just need some cheer,
In case there's a problem you would like us to hear,
In case there's a favor you would like us to do-
We're here if you need us to help see you through.
Humbly submitted on this 16' day of September.*
