“ I am glad that I got to work with Joe for many years. His knowledge of electrical systems helped me many times. I remember when those Master electrician test were given at the DPL building. Joe had a good working relationship with the City of Dallas.

Joe will be missed. I also miss those good peaches we got from him. My condolences to the family

“ I would like to send condolences to all of the family of Joe Bill. There was never a time when I saw him when he did not have a family story or incident to report. It was obvious how much he loved and lived for his family. What many may not know is what a keen wit he had. He always left us laughing. He will be missed. Becky Siler Young
