“ *I worked with Juan for a little over two years at Panel Truss he was a darn good worker I'm sure knew his way around that forklift LOL he was always in good spirits and happy and always had a positive thing to say when people will get discouraged I don't think I've ever seen him down or even mad for that matter. Anytime I needed help he would stop what he was doing regardless of how busy he was to help me and his fellow workers out he was definitely a good man and loved his family and made some awesome tamales they were perfect he's truly going to be missed and I'm so sorry this happened I will pray for the kids in his wife and family to give them the strength to get past this I can kind of relate to what the life is going through even though I didn't know her at all as I lost my husband on January 6th of this year I'll be praying for y'all and I'm very sorry*
