“ I worked with Kim at Sandy Brook she trained me and we grew to be friends, Kim was a very smart woman who worked hard to get where she was! I used to ask her how she managed to go to school and still come to work every night, both of us were staff then when Kim got her degree she moved into the office and helped counsel the girls, eventually I moved into the office next to hers, we talked on the phone a lot sometimes for hours! Kim will always be remembered as a strong, kind, independent woman! Until we meet again!

“ Mrs Kim, you were my counselor at aotp. You were absolutely amazing! You made me believe in myself when I was incredibly hard on myself. You made me realize that the abuse that I endured over the years was not my fault. I wish I would have known that the last appointment we had together was going to be your last because I would have told you how much you mean to me and that you saved my life. You were an incredible woman. You became my friend and confidant. you didn't see me it's just another case you really helped me. I really want to thank your parents for raising such a beautiful human being. When I found out you were sick and was going to just be absent for a little bit... I had faith you would return.. I never thought the Lord would take you to become one of my guardian angels. My heart is so heavy... but I would say bye... it's still afterwhile crocodile.... I will see you again just not soon. I really appreciate everything you did. You will be forever in my heart... if you didn't exist... I wouldn't either because you were the light at the end of My dark tunnel.

“ I wish I had a photo or talked with her before she passed. Kim is the reason I went to college. She helped me transition from high school to college life and I was in constant contact with her with my questions haha. She taught me a lot about being an adult and I can't thank her enough. Thank you to her loved ones for sharing her with the world. She truly helped me be the man I am today.

“ I had the opportunity to work with Kimberly, she was such a kind person. She was so encouraging and would often say to me, you got this girl with a calm smile on her face.

“ Took me a few days to put these words together. Kim was a dear friend to me, a kind and gentle soul. She'd calm the storm in me, and she'd say I'd add a little spark in her. Miss you so very much "Lucy." So grateful for the time we enjoyed working together. We talked about everything & nothing.

“ I can't remember a moment when you were not a part of my life. From the Blue Birds, to band, to moments in your parents kitchen or more times than I can recount riding the streets and byways of East Texas in your big blue TBird or my little white car. You were my friend, my sister, my confident, my partner in adventure and a few mis-adventures. I will miss you more than I can say, but I know that you and my Mom are in heaven swapping stories....just don't give to much away....I don't need her saying Sherry Ann from heaven. You will be with me in spirit and I won't see a flower, a sunset, or a "Hippie" dress without thinking of one of the freest spirits and best friends a person could have. Fly high my friend.... your story is not finished, you just have a new chapter. Love you ----Sherry Slover Lewis
