“ Our prayers are with you and your family. Mom and I got a kick from Mrs Layene. When she went through the Cancer illness Mom was taking her to a treatment. They were at a light and the second it turned green Mrs. Laydene told Mom to "punch it". She was very sweet to Mom and I and my Grandmother.

“ I will always remember seeing Aunt Laydene on our visits to Pine Hill when I was growing up. Daddy made sure that we made this annual trip each summer to see his dad, brothers and sisters and their families. She was always very gracious and friendly. Even years later when I met her again, she was still the same kind and generous person that I had known as a child! I remember visiting her at the nursing home when she was recovering from a broken hip. I watched her in awe as she helped another lady who clearly had dementia. She said “they need me here.” That act of kindness summed up her optimistic “can do” attitude. She must have been born with “happiness genes.” We miss you and love you!
