“ There are so many for me but one was I loved her fried chicken. My most vivid memories were trips to the frio, but the first day I met her I had gotten injured Debra took me in her house for her mother to fix me up. We walked in the kitchen I thought they were millionaires. She had the fanciest refrigerator I ever saw. I asked where u get a fridge like that... her response all u have to do is get some pretty contact paper and put it all over the fridge. You may not think it was pretty but it was. She was like a mom to this young kid and a godly woman. I loved her and her then family with all my heart!
