“ *This has been devastating news. I haven't talked to Duke in a long time but my senior year (his junior year) we were inseparable. I know Duke had a ton of friends due to his strong, outgoing personality, but I always considered him my best friend. He was so full of life and just so much fun to be around. I will cherish those memories always. Prayers to the Watson and Cox families. He will be greatly missed! Rest in peace brother!*

“ Duke... A true friend, he lit up the room wherever he was, his laugh was contagious. We used to laugh at each other til our sides hurt. We used to call each other to check in on our work travels and tell each other the funny things we would come across. I always knew when he'd call he had a crazy story to tell me. And in some dark times in my life he would always find that one thing to say that would make me smile. Miss ya Bro. You beat me to Jesus but I'll see ya soon, love ya big!

“ A highlight of my life was working with and being around the Watson family while we lived in Shreveport. Nothing will ever dim the memories of watching Sadie and Sofie grow and the daily contact with Duke. His desire to succeed and be a positive influence on those around him helped me immensely. We wish we could be there to celebrate a life well lived.

“ Duke was larger than life he would do anything for you when you were in need. And he'd do it without being asked, because he cared. "A friend indeed for a friend in need."
It doesn't seem possible that he really is gone. His passing has left a void in so many lives. We can only take comfort in the fact that he was a part of our lives and the memories will last forever.
Good bye my friend

“ All I can say about Duke is that he was always smiling and very positive to be around. I remember countless baseball practices through out high school together. He worked hard and played hard. My prayers are with Sophie, Sadie and the family. See you on the other side buddy.

“ Wow so hard to wrap my head around! My condolences and prayers to his daughters, Kindra, Dad and the rest of the family . So many memories come to mind from high school to softball and baseball games to college baseball and hanging out playing pool at his house in North shore to going dancing. But the one that sticks out and warms my heart til this day is when we were in High School it was raining and I was on crutches walking outside by the vocational buildings where there were boards laid over the pathways and every time I would put my crutch down it would slide out from under me...UNTIL Duke ran up behind me and took my books and he would put his foot down beside my crutch every time it hit the ground to keep me from slipping. I will never forget how kind he was to me that day. ❤️
