“ Eric, Emily and family,Becky was always a special person to me when we worked together when she was with the DHS and I was on the County Child Welfare Board. She always took such special interest in her case workers, in the young people that came through the program and the placement of them in foster care and the foster families themselves. There are so many young people that she touched their lives either directly or indirectly that are good citizens and parents today because of her efforts . Becky was one of those special people that one cherishes being able to have called her a friend.Norris Langford
