“ Buddy, and family,  
*Neva was absolutely one of a kind. So many wonderful memories of her fill my thoughts today. She had her own system -- like walking around the gym with pennies in her pocket to count trips. She was all over the church....and to her it was a seven day a week job -- many times on Sunday she left our Sunday School Class to run somewhere for someone. She loved all of her family so much....and shared pictures from time to time of fun times together. I know you are thankful for the good years you had together... hunting, fishing, traveling, family dinners, graduations, weddings..... making memories, great memories that you will have forever.*

*Having crossed this bridge twelve years ago, I know the days, months and years ahead will be different - but with God's help, prayer and leaning on each other you will find great comfort in the memories of love shared. I pray they will give you comfort today and in the days ahead. Today I am thanking God for allowing our paths to cross and for the love and friendship we shared.*

*My sympathy, love and prayers,*
