Momma. I know your happy to not be here in pain anymore. I can't say that I'm happy your gone because I'm not. You were my "rock" and no matter what I will be looking for my phone to ring and the caller ID say "Mother". The pain is so real mother. Not having you here and being you never thought twice about dropping what you were doing to be here for me. Now I don't have that. I can't sleep, I can't eat and I hurt so bad that I'm numb. Mother, please talk to me!! I miss you so much but you gave up on me. Your last words to me were sorry girls and I can't get that out of my head. I know everyday that you pushed yourself was for Bobbie and I but you should still be with us pushing and fighting because you were the strongest women in the world. Every shinny thing I see I think of you because you liked flashy things. You taught me well momma because they are just "things" and they don't make up who we are inside. Inside is where we feel the love and hurt of those we hold so close in our heart. You are the reason I have this heart and without you I would have never been here to have you as a mother and to have someone love me as much as you did. You though of Bobbie and I as the brightest stars in the sky and there is no mother that I know of that could love their kids more than you did. You didn't have much but you managed and it breaks my heart to know the struggles you had that you never really told us about so we wouldn't worry. Momma, why?? I'm selfish cause I want you here with me!!! Where are you? Please momma come back. I can't do this without you!!! I read what you wrote to Bobbie and I and I can't take this pain I feel from seeing you laying there and not responding to me. Mother? Please! I love you so much!
