“ *My all time favorite memory is when Patricia asked to ride my motorcycle. (You would think if someone asked to ride, that they had ridden one before.) Well she had not. As soon as she releases the clutch her legs went straight out to the side and she began screaming as she headed down the driveway, straight towards the shed. Everyone was yelling hit the brake, hit the brake! She did as she was told, but we did not tell her to put her feet down so she still had a crash landing on her side, but thankfully she was not injured. Laughter was always in the room when she was around. She was a great nurse and a great friend who will be missed dearly. I'm so thankful she is no longer suffering.*
