“ *“Pretty Patti” as I called her meant the world to me. I am so saddened that she is gone. We kept saying we were going to get together soon, but never did, and now she is gone. Life is so short. I will keep Patti close at heart and in memory with me always, so she will truly always be by my side, but I will miss hugging her and seeing her smile and hearing her voice. We had some good times! Love you so much, my Pretty Patti! -Cynn*

“ Patti had a very special place in my heart. She was there for many big moments in my life. You could feel her love...and she loved strongly. Her family and friendships meant everything to her. And oh how she loved animals! I will miss my “Pretty Patti” so very much. She will never leave my heart, though, and I know she is looking over us from Heaven.
