“ Our recent memories of Rhonda when she visited her brother Ronny in Washington was the happiest day for both of them as they reunited after over 20 years. Picking her up from the airport they both were like two rays of sunshine in one...such a beautiful sight seeing them both so happy. During her stay several memories stuck with me about her...she always made sure we blessed the food and made sure we gave thanks for what we have and for each other. She also helped me care of her brother and taught me patients and said everything going to be ok...she always told us how much she loves us. Rhonda was really a genuinely positive and caring person with a good heart..and always look at the good in negative situations. Another thing that hit a nerve was something as simple as this body wash that we picked out together for her going thru all the smells at Eally World and finally deciding which was smelt the best. Another time when we went sight seeing in Seattle headed to the space needle driving Ronnys shuttle bus up and down those city streets just trying to find parking imagine parking a semi on a city street corner... if it wasn't for her eyes and ears and her patience I couldn't have done it without her....something about Rhondas voice it just soothing ...I'm going to miss all of our talks we had and our many phone calls. Just kills me I feel a sense of emptiness inside.. I won't hear from her again. Your brother love you so much...we are just glad we made good solid memories of you. You will be truly missed...we will see you in heaven can't wait for that day. I love you so much. Rhonda...Sincerely Ronny and Tiana and Lani P.S. So glad you got to meet my mom Lani she loves you so much.
Condolences to all the family
