“ My father drove Robert and I to Dallas to compete in our 1st karate tournament. On the way home Robert was telling a long drawn out joke that was so funny and we were laughing so hard that my Dad had to pull the car over and stop until he could quit laughing. We had lots of fun in John Chu's karate classes. Robert will be missed.

“ Robert was a very special friend and person... I played Bca pool with him - I will never forget the thoughtful and special gift he gave me for my birthday a couple years back... It was a Pink Tourmaline - it was during a difficult and full of loss and trials period of my life - only a special thoughtful and loving person like Robert would think of that - I was so touched ... The crystal has a beautiful energy that vibrates within both the heart chakra and the higher heart chakra... or thymus chakra.

Like most heart based stones... the vibration of this lovely crystal brings an influx of love, joy and happiness into your life.

Robert I will miss you and feel privileged to have met you and have you part of my life My prayers go out to your family ...may you rest In peace 🙏

“ *We're surprised and sad to hear about Robert's passing – too soon. I'll always remember his outspokenness and questions whenever we got together at conferences or meetings! He always said the thing that other people were thinking but didn't say, or asked a question that no one else had thought to ask! My thoughts and prayers go to Leslie and Evan. “ *I am still trying to process the fact that my Uncle Robert is gone. I lost my Dad two years ago and Uncle Robert was my Dad's little brother. I was keeping in touch with Uncle Robert during my Dad's battle with cancer and we kept in touch after my Dad lost the battle. Keeping in touch with him was like having a part of my Dad still with me and now they are both gone. I miss them very much. Love and hugs for Aunt Lezlie, my cousin Evan and all the people who knew and loved my Uncle Robert. After seeing all the posts on Facebook from Uncle Robert's friends, I can see that he touched a lot of lives and was well loved.*

“ The field of biology has lost a phenomenal soul! In as short of a time as I knew him, he left a tremendous impression on me. As a biologist by degree, I looked to him as an inspiration. Let his spirit live on in our memories of his playful and intelligent nature.
