“ *It's only been 24 hours since you went to be with Jesus. Even though my heart is aching I am rejoicing that you are in a much better place with no pain, no chemo, no needle sticks, no emergency room visits, no trouble breathing and No Cancer. We have had a wonderful journey with many memories to share. I love you always and forever and am so grateful and thankful for the time we had together. You were with me through the loss of my Mom, Dad, Grandpa and Uncle's even when you didn't feel like it. Your journey with cancer has brought our family closer and brought many people into our lives. You taught me how to stay strong and I taught you how to trust in the Lord and you are in his caring hands now.*
