“ Roy and I were classmates in the graduate School of Music at UT. We were both assistants to the SOM recording engineer, Dorothy Ann Leiser, and recorded many degree recitals during our time there. We became friends and I was blessed when Roy agreed to be my accompanist for my conducting lessons and Masters degree recital. God bless you, my friend.

“ Roy was a South Main friend from early early years through Highschool times. He had the sweetest smile that is unforgettable. I know Thad Robert's and EHerman Westmoreland greeted him with many as he entered the gates of heaven. To God be the glory!
