“ *Karlana and Family I'm so very sorry for your loss. Your family has been in my thoughts and prayers. May God give you peace and comfort in this very difficult time. May your thoughts be full of the love and happy times you shared with your mom and the hope of being reunited with her one day soon. I didn't personally meet her but she had to be a wonderful woman for raising such wonderful people. I personally am very grateful she raised my sister and helped mold her into the lady she is today. Very kind and caring. Love you.*

“ So sorry for your loss. I have so many great memories of your mom. She was a great lady, so was y’all’s dad. They loved everyone of y’all. I am saddened that she is not with us but I’m sure she is an Angel looking over all of us. Ruth was always thinking about everyone else especially the little ones in the hospital. You are in my thoughts and prayers. 🙏

“ My heartfelt condolences, especially to Karlana, Randal, and Erich. Your mom was always so kind and loving. One of my favorite memories was when she hosted a prom after party for all of us. She will be dearly missed.

“ *I met Ruth when we moved to Natchitoches, LA, in 1979. One of the first people to make us feel welcome. Her husband and mine worked together at the university. Her daughter Karlana was born six days after my daughter Sarah, and James Randall ten months later. We lived down the street from them and the three kids became inseparable. Ruth and I planned school and neighborhood parties together, crafted and sewed, laughed and cried. She and Jim were there the day we moved to West Virginia, helping us load the moving truck. I lost track of her for years and finally found and had a loong phone conversation with her a couple of weeks before she became l'll. We promised to stay in touch this time. So glad to have found her again, even if just for a short while. I'll miss her.*

“ This photo of Ruth will forever be instilled in my memory. I first met Ruth in 1998 the year we shared our first grandchild together. Ruth had so many different talents, one of growing her own veggies especially tomatoes and canning them, infact I still have a jar of her delicious hot sauce which says Granny Ruthes homemade jams and jellies and tomato salsa and she has the ingredients on the jar. She not only canned vegetables, she also made a canned a variety of jams and jellies and she was so generous to share she was a giver. But most importantly family was her life link to this world. She adored her grandchildren and wanted to share her many talents with them.  
I'm thankful and blessed to have been able to know Ruth.

“ *Well, I am not 100% sure. But if this is who I think it is Erich and Karlena , Your Paternal Grandparents were Alyne and Obie Johnson, they had 2 sons Jimmy and Jerry and lived out on Hwy 64. I worked with Alyne at the old high school in HENDERSON and after they built the new high school on Hwy 64, we worked together until the day she walked out to go home and then retired! They called me there daughter. We loved them and they loved us! Alyne and Obie loved your Mother so much. And you 2 as well! I remember when you both were born. They were so excited! Instant love! please know I will be praying for you all. Our Deepest Sympathies, David & Kathy Chapman HENDERSON TX*
