“ Steve was my best friend and a coworker at Martin Lake Power Plant owned by Texas Utilities. I'm heartbroken to have just now tried to seriously track down my old friend and found that I'm too late to get to have a reunion with him. God willing we will finally get back together in heaven. Steve was a good man and a good friend. I would love to be contacted by Danny, his son. Hopefully he will remember me. My name is Jerry Tyus and my telephone number is: (254) 717-0494.

“ Steve Vestal, or whom I only called Daddy, was a man of very little words, but in turn had a very big heart. He was also a fair and analytical man. He thought things through, and when he told you something, you could pretty well take those words to the bank. My father and grandfather's all left Very Big shoes to fill in which I will never be able to come close. He also loved his family. Kim was the brightest star that could pierce his blackest night! He took a piece of her heart with him, but in turn she has a piece of his. Saying goodbye is sooo hard to do, but I am truly convinced, when we leave this place as well, We will all probably feel foolish for being so sad for losing someone that just inherited the biggest real estate of ALL! Gods House! We can all do our best to make sure we can see this guy, and a whole lot more that are up there. I'm gonna miss you daddy, and though we didn't get to say a lot to each other, thanks to Kim, we had that last needed talk! Love you, and hope to see you again!
