I am deeply sorry to hear of Todd passing. My sincere condolences to his beloved family. I worked with Todd years ago at At Home Health and learned alot from him. He was a great mentor to many in wound care. What I remember most is him talking of his family and how much he loved them. May God grant him eternal rest and perpetual light shine upon him.

“ I was truly blessed to have worked with Todd and even more blessed to call him my friend. He made such an impact in the nursing and wound care fields. Never a moment that he wasn't teaching and empowering those around him or telling a story. He always had a smile and a laugh to share. His patients loved him and always wanted to know when their wound care “doctor” was going to come back and see them again! I would always know it was going to be a good day, when I would walk in to the office and hear “PEPPER!!”as he always called me. I hope he knew the impact he had on my life and career. He made me want to be better. I thank God that we were in each other's path so many years ago! To his family, I am so very sorry for your loss and I hope that the memories you have are a blessing to you. May God keep you and give you all peace.

“ Todd was a friend to everyone he met, and I always felt better when I was in his presence. He never seemed to have a bad day and he will absolutely be missed. His family should know that Todd has been deeply respected and loved in his community. I worked with him at HMH for 10 years and he has always had such a sincerity about him that made even strangers feel welcome and wanted. I know he had a close relationship with God, and I am very thankful for that. We will see him again one day, but until then, there is a giant hole left, and it is filled with wonderful memories.

“ I first met Todd at Kilgore College while we were taking our prerequisites for Nursing school, he was a fountain of knowledge and such a blessing to many of us. He met with and tutored many of us in chemistry class. He was my lab partner in microbiology and we had a blast growing and identifying bacteria. Todd went on to get his nursing degree at SFA as I finished up in Kilgore. We had opportunity to work together in home health and we both specialized in wound care. In addition to being an awesome nurse, he was also a Christian and it reflected in his life with his family, friends and professional life. His patients loved him and would call him the wound care doctor. Todd Springfield made a difference in this world and will be greatly missed. We love you Todd. God Bless and keep your family during this time of loss!

“ *2 Tim 4:7-8*
7 I have fought the good fight, I have finished the race, I have kept the faith. 8 Finally, there is laid up for me the crown of righteousness, which the Lord, the righteous Judge, will give to me on that Day, and not to me only but also to all who have loved His appearing. NKJV
These are words, like Paul said, that I know Todd could say himself. He lived his life for Jesus, and showed it in the way he lived. I know he is in the presence of the Lord today. I count it a privilege to call Todd a brother in Christ. May the Lord give all the family peace and assurance of His presence. God will see you through this. Rob & Beth Wells

“ It is with sadness that we lost Todd but his memory will linger among the employees at MedSafe (now GoSafe) for years to come. When we first met Scott; Taryn and Todd came along to do whatever was needed to succeed. For Todd, that included running the warehouse, customer service, and later with training associated with usage of ropes access, fall protection, & confined space. Yes we found time for fun at Deer Camp, employee picnics or parties. We were sorry for the brothers to return to Henderson helping others that required home health, patient assessment & care.

“ My heart breaks to know that the world has lost such a "great man" and even greater Nurse. Todd and I met over 20 years ago in Homehealth. He was an impeccable teacher in his love for wound care. This is where we made our work/friendship connection. There wasn't a time I didn't see Todd smiling, laughing and joking. He made my time working with him enjoyable, unimaginable without him. He taught me so much and trusted my judgments thus giving me the confidence to believe that I was just as good as he knew I could be. Todd became someone who I respected and loved as if he was my own family. To Todd, I was "Chevy"" even to this day that is my nickname and I will always cherish it, because it was through our friendship that Todd felt comfortable giving me that name. I will truly miss you my Dear Friend . To the Family . I am so Sorry for you Loss . The Lord sent a great man into your lives to Love and make great memories with, Remember those times . May God bless you and provide each of you with the comfort you need to get through this difficult time. Chevell Dixon(Chevy) .

“ I had the pleasure of knowing Todd for only a short time, but he made a big impact. He was full of love and passion for taking care of folks. We went from a handshake on meeting to a hug every other time after we saw each other. “ Todd saw something in me when I was just a nurse extern. He sought me out and drug me to every interesting case. He taught me at every opportunity and grew in me a love for wound care. He made me a better nurse. He knew my potential long before I did and he believed in me. There will never be another Todd. Good nurses build the new nurses up. They cultivate good caregivers. They encourage their patients as they heal them. Their joy is infectious. This was Todd. I'll never forget the investment he made in me. I will always think of him when my jacket has extra pockets and remember how he bragged on his wife for sewing them in for him.
