“ My Dear Sweet Tonya, You were 12 years old when Daddy and I got Married. I was 21. You and Cyndi and Casey stood beside me as Daddy and I said Our wedding Vows and Our Little Family became complete. You had always wished for a little Brother and the Lord answered your wishes and gave Us Cory, As we grew up together, You helped me raise Your little Sisters and Brother and You had told me on several occasions how proud You were to have Me as Your Mother, and Honey. I was so proud that You were My Daughter. My love for You My Angel was unconditional like a Mothers love is. You were such a strong Child and grew into a very strong Woman. I watched as My First Grandchild was Born. Michael. I was so proud all I could do was cry. Then Ciera and Nikki. And again tears of Joy. I was beside you every step of the way. Two years ago, You called me to come up to the hospital because you thought you were pregnant. You nor I were ready to hear those haunting words. Cancer. much less the words Extreemly Rare. And the battle began. Many times I had prayed for remission, or for it to be Me. Not My Baby Lord. Please. But you continued to be courageous and strong and helped me to be strong. I was so Proud of You when You gave Your heart to the Lord and when You came out of that Baptismal and fell into My arms You looked up at me and I could see the Spirit of the Lord all in You. It was then I knew that it was time for Me to put You in the Lords hands. In those last few days of your life You would call out for me to help You and knowing that there was nothing I could do but hold You I knew it was time to let You go. When You took your last breath, I felt like the life had just been kicked out of Me. It hurts Baby but You left 3 beautiful Babies for Me to take care of and Mommy promises I will take care of them the best I can. I miss You Baby Girl and I love You very very much. Love Momma

“ Tonya, I'm sorry we weren't closer, but I want you to know that you don't have to worry about Ciera. I will watch over her as a big sister should, and I will be there in her times of need. I wish things could of gone differently, but God has his plans. Just know that you have left Ciera with a great family and great friends. We love you.

“ To the family and friends of Tonya: Deepest regards and sympathy from the Rust family and all the extended family of Kaye Rust Armstrong Prunier. We were fortunate to have recently seen Tonya at the funeral of her grandfather last August. It had been many, many years since most of us had seen her. She looked so much like her mother it was uncanny. Just wanted to add that she is also survived by her Aunt Sharon Rust Garner, her great aunts Joyce Rust of Boerne, TX and Mildred Chiesa of CA, great uncle James Rust and wife Betty of NJ, step-father Lloyd Prunier of Dickinson and numerous cousins. Tonya was also preceded in death by 2 uncles Michael and Allan Rust, grandfather Charles G Rusty Rust and grandmother Evelyn Pelham Rust and other great aunts and uncles and cousins. Tonya, her mother, and Rusty did not share much of her life with all of us, but we are glad that she had such good parents to raise her and love her. We now know that she had an extensive network of relatives and friends throughout Texas and other places who loved and supported her. Now she suffers no more and is home in the room that God has prepared for her (John 14). Tonya has gone home. We pray for all of you during this time and hope that all the good memories you shared and your faith will sustain you during the hard days ahead. You mourn not for her but for her unfinished life and the hole that is difficult for those left behind to fill. God bless all of you.

“ Tonya, seems like just yesterday that I would look through the window and watch you run around in the yard. You were my little Shirley Temple with all the curls and if you fell and hurt yourself I would come running so I could take the pain away. As you grew into a teenager and some boy would hurt your feelings, I would come running so I could take the pain away, It never took much to take that pain away, an ice cream cone, a band aid or just a little talk always worked for you, but for me it was love. As you grew into a woman and mother I watched you do the same things as I did, that was love. When Cancer came in to our lives I came running only to find out I could not take away the pain any more, so I asked God to help and he did, that was love. Hug every one and don't forget leave a light on for me. Love Daddy.

“ *In Living Memory of Tonya:She will always be with you and your family.I am with you still - I do not sleep. I am a thousand winds that blow, I am the diamond glints on snow, I am sunlight on ripened grain, I am the gentle autumn rain. When you awake in the morning's hush I am the swift, uplifting rush Of quiet birds in circled flight. I am the soft stars that shine at night. Do not think of me as gone - I am with you still - in each new dawn. I*

“ I love my mom, with all my heart. Cancer may have one the battle, but my mom won the war. She had the ultimate cure. I know that she is in God's hands now, and that she is safer with him then she was with me. Im proud to say my mother is my best friend, she brought me into this world and without her i wouldn't have known the many great people i know today. Everytime i was having trouble i know i could always run to her, and i still can. She will always be in my heart. I love you mom. I will NEVER forget what a great impact you were on my life.
