“ *Ms Virginia, I miss you sooo much, I often think about our days together and my favorite was when we attempted to make your famous chicken and dumplings when we were at the cottage out in Overton, it was an epic fail but we had so much fun. You were such a breath of fresh air, I was always so happy when you were the staff who was watching us because your presence was just so relaxing and calming. We had so much respect for each other and I will never forget how you made me feel, no matter where I went or who I was with I could always call you ☐ I love you forever my girl 🧡☐*

“ Ginny - the moment I met you while going to school at The University of Texas of the Permian Basin, we hit it off. You had, Eric, Austin and Ashlea & I had LeCrishina and Dara. Our kids were little, and they had many good times together. I am thankful that we graduated together with our Bachelors in Psychology and you were so strong and went for your Masters. Even though we did not talk everyday, you and the kids were always and will always be in my thoughts and prayers. I will miss you my friend. I thank you for having an open loving heart to listen when I needed someone to listen. Please know I love you and will cherish the memories we made. As I drive down the road every sunflower I see will always remind me of our friendship.

Love always my friend!

“ I have known Virginia for my whole career, and she was very knowledgeable. Virginia was a great leader and friend to us all. She believed in leading by example but had no problem to let you know when you messed up. Why because she wanted to see all of us succeed and know we did everything we could to protect the most vulnerable and precious thing in life and that was children who needed help. My prayers are with her family and friends for comfort.

“ *Virginia I cannot believe I cannot call you day and night like I have for years. I will miss you more than I can ever put into words. Your last day on earth was July 2, 2023 but it was also your first day in Heaven with Ashlea. So while I cry and feel totally lost without you, and will live with a hole in my heart the size of Texas, I know that I will see you again, we will laugh and paint, dig our toes into a perfect sandy beach and have the best time. And you can introduce me to Ashlea face to face. I love you Ginny. You made me better. You brought so much laughter and joy into my life. And so many, many others! You are loved.*

“ I met Ginny some 40 plus years ago. Immediately friends, we shared many adventures. She was a self-made woman that became one of the strongest women I have known. I shared her story many times because I admired her so. She had a sweet loving soul that carried a sharp sword when she needed it. Forever in my heart, she will be missed.
